Fargene er et supplement til designmanualen til 22. juli-senteret.

De sterke fargene skal alltid brukes i kombinasjon med de duse fargene, for å skape et dempet, men likevel inviterende uttrykk.

Det er viktig å tenke på lesbarhet hvis det skal plasseres tekst oppå fargene. De duse fargene kan ha svart tekst oppå seg, mens de sterke fargene, må ha hvit tekst – med unntak av den gule fargen som ikke blir lesbar med hvit tekst oppå seg.
