

From Healthy Waters to Healthy People

Invitation to online network meeting

Global Action Network
Sustainable Food from the Oceans and Inland Waters for Food Security and Nutrition

24th November 2021 at 10 am - 12 pm (GMT+1)

We are pleased to invite you to the upcoming online meeting in the Global Action Network Sustainable Food from the Oceans and Inland Waters for Food Security and Nutrition. Together we will sum up the achievements so far and plan for future work.

In 2021 Global Action Network participants mobilised strong actions and increased knowledge and awareness related to the role of sustainable aquatic foods for food security and nutrition. Together we highlighted the importance of aquatic foods for sustainable food systems.

In 2022 we will continue our work. We welcome you all to discuss, comment and share information in support of the Network's [mission](#). Let us develop tools and create ideas for actions at relevant upcoming events in 2022 and follow up the Food Systems Summit.

Please register [here](#)

We look forward to welcoming you at the meeting,

Global Action Network Organisers
