

**Invitation to virtual side event  
2022 UN Ocean Conference**

**One food system: A paradigm shift including intersections between aquatic and  
terrestrial food systems**

**Friday 1st July 2022 at 13:00 PM – 14:30 PM (GMT +1)**

This webinar will showcase the added value of the interlinkages of terrestrial and aquatic food systems to aid in solving the global challenges of food and feed systems. Scalable solutions, both macro, linked to commodities, as well as micro, linked to local communities, will be showcased. The panel discussion will focus on actions needed in support of a paradigm shift to speed up transitions. The Global Action Network on Sustainable Food from the Oceans and Inland Waters for Food Security and Nutrition, under the UN Decade of Action on Nutrition is arranging this webinar as part of the programme of the 2022 UN Ocean Conference.
