THE CASE FOR AQUATIC BLUE FOOD IN ACHIEVING SDG 2 (ZERO HUNGER) Reducing hunger and improving nutrition outcomes

Fernanda Grande

Nutrition Officer (food composition)

*Food and Agriculture Organization
of the United Nations (FAO)*

Fernanda Grande is a Nutrition Officer with a focus on food composition working in the Nutrition Assessment team within the Food and Nutrition Division of FAO.

Fernanda is a nutritionist and skilled food composition researcher with a Ph.D. in Applied Human Nutrition from the University of São Paulo, Brazil. She has over 15 years of experience in food composition and has contributed to the development and update of 12 national and international published food composition tables and databases and two FAO/INFOODS guidelines. Fernanda has trained people from multiple countries in food composition through online and in-person FAO/INFOODS trainings.
