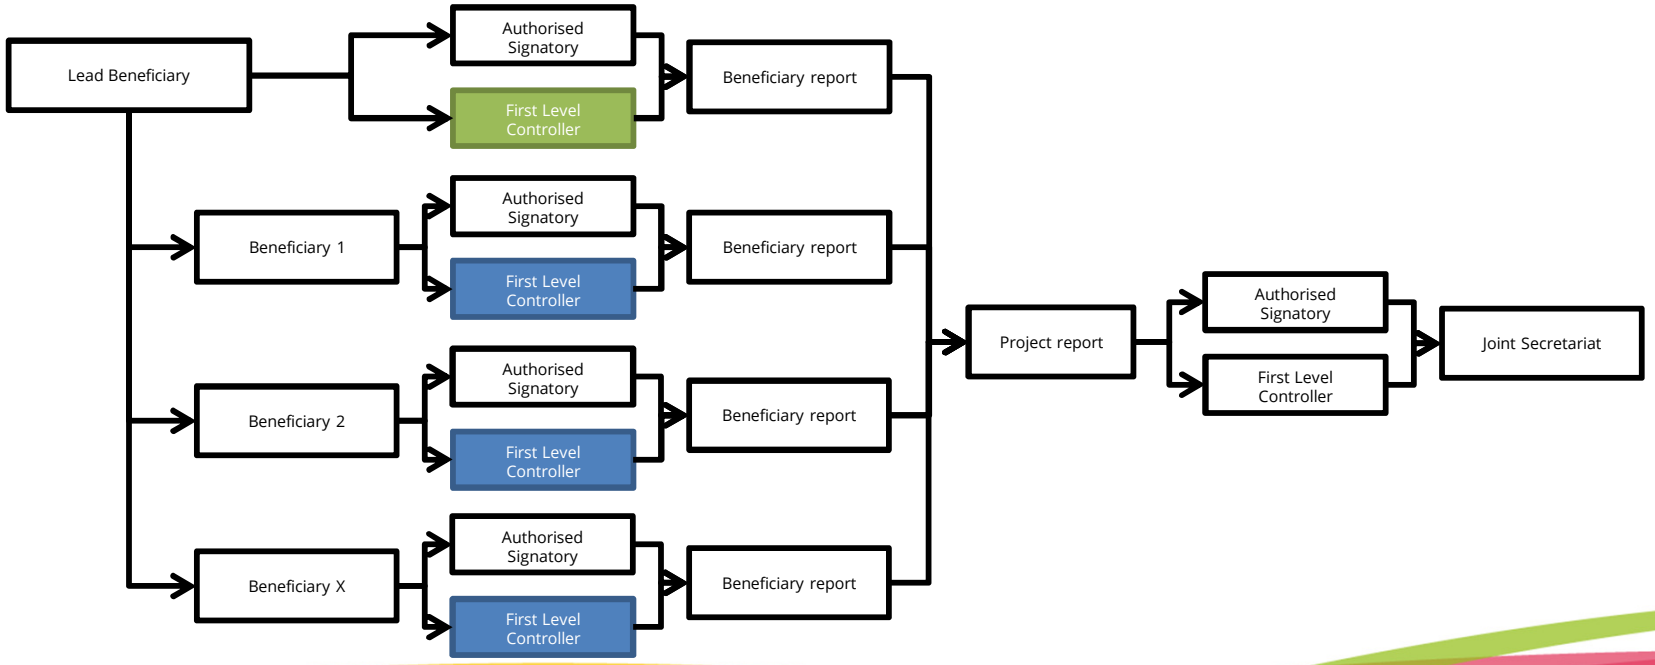
Inviting beneficiary managing users

Inviting the beneficiary managing users to be a formalised part of the Online Monitoring System allows them to:

+ Designate their Authorised Signatory (on beneficiary level)
+ Designate their First Level Controller
+ Prepare and submit progress reports

First Level Control Designations

How the beneficiary invites their First Level Controller to the Online Monitoring System



This is important

You can use this section to do the following actions:
a) Invite a user to view your project idea or project
b) (If you manage a Project) Give access to a user as the Authorised Signatory (Legal Representative) of your project, allowing him/her to digitally sign the project application and the project periodic reports.
c) (If you manage a Project) Invite users to become the Managing User of a specific Beneficiary of your approved Project.
d) (If you manage a Beneficiary) invite users to become the Managing User or Authorised Signatory of your beneficiary.
More than one Managing Users or Authorised Signatories per project or beneficiary can be registered, to act on behalf of the project/beneficiary in case the original MU/AS is absent on holiday, due to illness, etc. In regards to AS assignments, if a person has already been designated Authorised Signatory (by another project, for example) and his/her email address is in the system, the new AS rights will simply be added to the person's account when he/she accepts the invitation. No further action is necessary. If you invite someone who is not already in the system and not yet validated as an AS, however, the person will be asked to upload the appropriate documents and go through the entire validation process.
