To the attention of: Norwegian Nuclear Committee

Dear Sir, Madam,

With reference to your call for experience and capabilities to companies active in the nuclear sector we hereby like to submit a contribution from Fluor. Fluor is one of the leading EPCm contractors in the world and have a strong track record in complex project realization, including nuclear facilities.

Fluor has been providing EPC services for complex projects since 1912 and nuclear projects since 1946 (continuously). Fluor's longevity and award-winning success over this long duration is a result of our core values of Safety, Integrity, Teamwork and Excellence. Fluor projects are typified by collaboration and innovation. With offices in over 40 countries and projects in over 60 countries, Fluor has extensive resources and capability in its 27,000 employees to provide the optimum project solutions for our clients. Fluor executes approximately \$1.5B to \$2B per year in nuclear projects which provides a large, stable base of nuclear expertise for new projects. We help our clients solve challenges by embracing opportunity, developing innovative ideas and deploying leading-edge technology. We utilize data-driven processes to realize efficiencies and deliver cost and schedule certainty. Our award-winning knowledge management system gives our employees 24/7 access to a repository and forum to address and solve problems. We apply proprietary processes to simplify design for our clients and provide them with facilities that run effectively on a leaner build.

We have attached two (2) documents as part of our submission:

- Brochure describing Fluor Corporation. More information on www.fluor.com
- Brochure describing our Nuclear Power capabilities

Please let us know in case of any questions or otherwise.

We would appreciate to receive a confirmation of the proper receipt of our submission.

Regards,

Marcel Verschuur | **FLUOR** | Senior Process Director - Technology Lead | Amsterdam, the Netherlands | marcel.verschuur@fluor.com | O +31.23.543.2988 |
