

We are pleased to invite you to a meeting in the Global Action Network
Sustainable Food from the Oceans and Inland Waters for Food Security and Nutrition
14 October 2019 at 15.30-17.30 Rome, Italy

In conjunction to the CFS46, the Global Action Network will arrange a meeting **14 October, 15.30-17.30. Venue: German Room, FAO HQ.**

At this meeting we will give a short update of the work so far, share latest news, including the follow-up after our last meeting and discuss next steps for the network 2020. As an outcome we will also seek to convey a message to the Our Ocean conference 2019 which takes place in Oslo 23.-24 October. There are several arenas relevant to take action in accordance to the Global Action Network Mission. We invite members to share their actions at the meeting, including information about relevant upcoming events. We also welcome ideas on further development of the Global Action Network.

The Global Action Network will also arrange a side-event, with thematic speeches, the same day, 18.00-19.30 in Red Room, called "Treasures of the oceans and inland waters - ensuring food security and nourishing nations" "Gaining and sharing knowledge in the Decade of Action on Nutrition. From healthy waters to healthy people".

Please sign up by sending an email by 1st of October 2019 to:
foodfromtheocean@nfd.dep.no

For those of you who cannot participate in person, it will be possible to join the meeting via web. Updated information will be available on the network webpage:

<https://nettsteder.regjeringen.no/foodfromtheocean/>

We look forward to welcoming you at the meeting.
